# HARROLD'S - GARDENER

SEEDS BULBS AND PLANTS FOR FALL PLANTING — SEASON 1945

HARROLD'S PANSY GARDENS & GREENHOUSES

P. O. BOX 29 - R — GRANTS PASS, OREGON.

## PLEASE READ — EARLY ORDERING IS ADVISABLE

In this folder we offer a wide selection of material with which to beautify your home and garden. We have better than a normal supply of most of these items but early ordering upon arrival of this list is suggested as demand is sure to be brisk and we will of course fill all orders in rotation as long as stock remains available. In some varieties it will be possible to supplement our own supply while in other varieties this can not be done.

As with nearly every civilian enterprise, we have experienced an active demand for the material we supply. Also the supply of suitable labor is limited and at certain rush periods is not sufficient to maintain pre-war promptness in shipping. Therefore ALL orders will be shipped in strict rotation of their arrival and will have individual and careful attention on that basis. Most of the time we have maintained shipping service within 2 to 6 days from receipt of order. As always it is our endeavor to supply good stock, well packed and shipped as promptly as conditions permit.

## PLEASE NOTICE

### ORDERING BY MAIL

As in the past, our service is as near as your own mail box. We are the largest mail order shipper of horticultural products in Southern Oregon and Northern California and we are ready to serve you carefully and well.

### Prices In This List Are Prepaid

EVERYWHERE ON SEEDS OR OTHER SPECIFIED ITEMS

### OTHERWISE THE FOLLOWING APPLIES

#### BULBS & PLANTS POSTAGE FREE IN THE FIRST 4 ZONES.

This includes ALL areas west and north of the cities of Missoula, Mont.; Salt Lake City, Utah; Las Vegas, Nev. and Los Angeles, Calif. NOTE— the city of Long Beach, Calif. is 5th zone and outside this group.

#### In The 5th. And 6th. Zones ADD 10% For Packing And POSTAGE.

This group is outside the above described territory but west and north of the cities of Fargo, N. Dak.; Lincoln, Nebr.; Wichita, Kan.; Woodward, Okla. and Galveston, Texas.

#### In All Other Areas ADD 15% For Packing And Postage.

Where this formula is not conformed to shipment will be made by Railway Express with all transportation charges collect on delivery. The strict following of this formula is made necessary because of increasing cost of transportation as distance of transport increases and the added weight of packing material required to protect shipments over the greater distances.

No mail order for less than \$2.50 accepted.

### QUANTITY LIMITS

We do not sell individual items of this stock amounting to less than 20c where it is necessary to use name tags. That is those items offered in separate colors will not be identified as to color when the amount of each color is less than 20c. The smallest quantity of any one variety will in all cases be the smallest quantity on which a price is quoted. However where separate colors of a variety are offered you may select the preferred colors within the limitations stated above.

### SERVICE AT THE NURSERY

As in the past come to the nursery and greenhouses for your gardening needs if you can. We shall be glad to serve you here at the Gardens as we have for the past 18 years. Prices are lower in some cases at the gardens.

## Hardy Plants

This group includes Perennial and Biennials which should be set in fall, winter or early spring depending on the locality. Where the winters are severe they must be set in fall before the ground freezes or early spring. In milder climates they may be set during the period from September to late April or May. Biennials will usually bloom one year only, then unless they volunteer must be reset. Perennials will flower for several seasons without resetting and many of them live quite a long period.

### ALYSSUM — Madwort, Gold Dust or Basket of Gold.

Saxatile compactum: Three \$0.75; 6 for \$1.30; Doz. \$2.25

Big clusters of bright yellow flowers in early spring. Foliage grayish green. Height about 10 in. Fine for borders and rockery. Prefers rich loam well fertilized and drained. Groups well with Tulips, Violets and other early spring plants.

Argentum: Three \$0.75; 6 for \$1.30; Doz. \$2.25

Similar to Saxatile but taller making a plant about 24 in. high.

### ANCHUSA —

Lissadel: Three \$1.00; 6 for \$1.75; Doz. \$3.00

For the perennial border making a plant about 3 to 4 ft. high. Makes a good sized clump of loose hairy foliage from which raises leafy stalks with loose masses of small, bright blue flowers. Blooms July to Sept. Combines well with Coreopsis, Gaillardia or orange and yellow Chrysanthemums.

### AQUILEGIA — Columbine.

Erect branching plants with tall slender stems. Flowers are brightly colored in many shades. Quite tolerant of a wide variety of soils but should be given partial shade and protection from heavy wind. Groups well with Delphinium, Scabiosa Stocks and Snapdragons.

Dobbie's Imperial Hybrids: Three \$0.80; 6 for \$1.50; Doz. \$2.50

A strain of English origin with long spurred flowers in strong and brilliant tones of all colors.

Mrs. Scott Elliott Hybrids: Three \$0.80; 6 for \$1.50; Doz. \$2.50

A wonderful color range in the pastel shades and flowers have very long spurs.

Harrold's DeLuxe Hybrids: Three \$1.00; 6 for \$1.75; Doz. \$3.00

This strain is longest spurred of all and has a color range that is more varied than any other strain we know of. Many unique colors.

Hardy Plants Continued on the Next Page..

**HARDY PLANTS Continued****BELLIS — English Daisy.**

Blooms from February to May or later in some localities. Grows very compact in clumps 3 to 6 inches high. Has attractive dark green leaves and flowers are born in profusion on stems well above the foliage. Use as a border plant, naturalize in wild flower garden or rockery and in lawns. Group well with Narcissus, Bulbous Iris, Tulips, Blue Pansies and Emperor or Brompton Stocks.

**Perennis Extra Double Mixed:** 6 for \$0.75; Doz. \$1.25  
Medium size, very double flowers having rather flat petals. Mixture contains pink, rose, red and white.

**Monstrosa Red:** 6 for \$0.75; Doz. \$1.25

**Monstrosa Snowball: White.** 6 for \$0.75; Doz. \$1.25

**Monstrosa Mixed: All colors.** 6 for \$0.75; Doz. \$1.25  
These have similar flower form to Perennis but the flowers are much larger. However the flower center is flatter and more open.

**Monstrosa Glory of Frankfort:** 6 for \$1.00; Doz. \$1.75  
An extremely large, heavily double dark red. Very fine.

**Tubulosa Aetna Red:** 6 for \$0.80; Doz. \$1.50  
This is a very large flowered double of brilliant red shade. The flower petals are tubular giving an attractive and novel appearance.

**CAMPANULA — Canterbury Bells.**

Branching plants heavily loaded with pendent bells. A fine plant for tall hardy borders or back of rockery. Will grow in almost any soil and does well in full sun or slight shade. Blooms in May and June - 3 to 4 ft. high. Groups well with Scabiosa, Delphinium or Lupin.

**Calycanthemum medium:** Three \$0.70; 6 for \$1.20; Doz. \$2.25  
Erect growing plants completely covered with huge cup and saucer shaped flowers. **COLORS:** blue, pink, rose, white and mixed, your selection.

**CANDYTUFT — Iberis.**

A very showy plant, much branched and 12 to 15 in. high. Blooms prolifically in spring and early summer. Grows well in ordinary soil in sun or partial shade. Combines nicely with most plants blooming at about the same time.

**Queen of Italy:** Three \$0.50; 6 for \$0.80; Doz. \$1.50  
Rosy lilac with heavy flower heads.

**Sempervirens:** Three \$0.50; 6 for \$0.80; Doz. \$1.50  
Pure white. This groups well with late Tulips.

## Hardy Carnations

These are a major specialty with our perennial department and we offer the greatest selection of any single grower of this group. Because of the variation in hardiness of these different groups we suggest that you order that group which will be hardy in your climate; otherwise we will use our best judgement in filling your order and send the one we believe will be hardy for you.

These Carnations may be used in the hardy border, in mass beds or as accent specimens in the rockery or wild flower bed. They prefer cool climatic conditions where they grow best in full sun. In warm climates plant in partial shade though not too deep a shade or this will cause weak, grassy growth with small flowers. They do best in a rather rich soil which **MUST** be well drained in the winter but retains moisture easily when watered in summer. The plants offered in separate colors will be sent in your selection although we can not guarantee the separate colors to be more than 90% true to color. Cultural sheet will be supplied free with each order.

**Giant Double:** Three \$1.00; 6 for \$1.50; Doz. \$2.50  
Recommended only along the west coast west of the Cascade and Sierra Nevada Mountains and in southern states. These do not withstand temperatures lower than 15 to 20 degrees above zero well. Flowers, however, are large, born on plants 16 to 20 in. high. About 95% are true, full double and flowers are 2 in. in diameter. **COLORS** — Canary yellow, cardinal red, coppery salmon, crimson, deep rose, flesh pink, rose pink, white and mixed.

**Perpetual Giant Double Flowered:** Three \$1.00; 6 for \$1.50; Doz. \$2.50  
Recommended for the same climatic localities as Giant Double listed above. These are larger flowered and come the nearest to the habit of the Florist Greenhouse Carnation of any of the strains suitable for outdoor culture. They are strongly clove scented and the flowers are often 4 in. across on disbudded stems. Height 16 to 20 in. **COLORS** — Clear yellow, dark crimson, flesh pink, intense scarlet, deep rose pink, light rose, salmon rose, violet, pure white and fine mixed.

**Enfant de Nice: Everblooming.** Three \$1.00; 6 for \$1.50; Doz. \$2.50  
This is a group normally handled as hardy annuals but it may be treated as a perennial in the milder western and southern areas mentioned above. It is a cross between the two varieties listed above and well retains the best points of both parents. They are intermediate in flower size between the parents although the plant is slightly higher. Flowers are 2½ to 3 inches across on strong stems and are profusely produced over a very long season - late May to frost. **COLORS** — Pale pink, red, rose, salmon, scarlet, striped, white and mixed.

**Malmaison Giant Double:** Three \$1.00; 6 for \$1.50; Doz. \$2.50  
Of about the same hardiness as the above three varieties but with flowers that range up to 4 inches across in fine pastel shades. Mixed colors only.

**Grenadin Full Hardy:** Three \$1.00; 6 for \$1.50; Doz. \$2.50  
This group is a bit less rapid in growth and the flowers are a little smaller in average size and number but they are dependably hardy anywhere in the U. S. with light protection in the colder sections — about like that given Pansies. Flowers are about 90% double and have a delightful fragrance. **COLORS** — Black King - dark red, cardinal red, golden yellow, snow white, deep rose, brilliant red and mixed.

## Delphinium Pacific Giants

We have a moderate supply of these this season and in mixed colors only. They are heavy year old plants and most have bloomed this fall and will give a fine showing of flowers early next season. Delphiniums are possibly one of the finest and most satisfactory of the tall growing plants. We have found these Pacific Giants to be the best from every standpoint for the American climate and cultural conditions and for that reason grow no other varieties now. They should have full sun, free circulation of air and a rich, light, alkaline soil. Plants should be set at least 2 ft. apart and they grow from 5 to 8 ft. high when in bloom. Groups well with Columbine, Salpiglossis, Snapdragons, Stocks, or Gladiolus and are ideal as accent specimens.

**Pacific Giants Mixed:** Three \$1.25; 6 for \$2.25; Doz. \$4.00

**DIANTHUS — Garden Pinks.**

Grows from 6 to 14 inches high bearing beautifully colored single and double flowers all summer. Sweetly clove scented. Does best in a rich, light, moderately moist garden loam and full sunlight. Makes fine borders or can be grouped with Snapdragons, Stocks, Carnations, Sweet William, Pansies or Petunias.

**Allwoodii Alpinus:** Three \$0.50; 6 for \$0.80; Doz. \$1.50  
About 6 in. tall and ideal for rockery. Single and semi-double flowers in a wide range of shades.

**Caesius: Cheddar Pink.** Three \$0.50; 6 for \$0.80; Doz. \$1.50  
Flowers are delicate rose pink and very fragrant. 12 in. tall.

**Delight:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
Pale pink to rich purple. Flowers are lacy and informal. Plant 9 in. high.

**Sweet Wivelsfield:** Three \$0.50; 6 for \$0.80; Doz. \$1.50  
Fine double flowered mixed. About 12 in. high.

**Winteri:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
Compact plant with huge flowers of bright shades of pink.

**DIGITALIS — Foxglove.**

Growing well in ordinary soil so long as they have partial shade, these produce flower spikes 3 ft. or more high covered by thimble-like flowers which all droop to one side of the stalk and are beautifully spotted. Use in perennial borders or group with Hollyhock, Campanula, Shasta Daisy, Stocks or Delphinium.

**Gloxiniiflora Giant:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
**COLORS** — Rose, purple and spotted throated hybrids mixed, your selection.

**GAILLARDIA — Blanket Flower.**

A showy plant liking full sun but will tolerate slight shade. Grows well in the commonest of soil and produces a profusion of flowers from early summer until frost. Height about 2 ft. Plant in mixed perennial borders or groups well with Delphiniums, Snapdragons or Yellow Geum.

**Bremen:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
Coppery scarlet with golden edge.

**Burgundy:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
Coppery scarlet self.

**The Dazzler:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
Golden yellow with maroon red zone.

**Tangerine:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
Large deep orange self.

**Portola Hybrids:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
Brilliant scarlet with intense golden tip on each petal.

**GEUM —**

Best in the sun but will grow in light shade. Likes a moist, light soil. Plants are short but flower stems are about 16 in. when in bloom. Groups well with Tall Lobelia, Michaelmas Daisy and Salvia.

**Mrs. Bradshaw:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Fully double orange scarlet flowers. Blooms all summer.

**Orange Queen:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Full double orange of large size. Free flowering.

**GYPSOPHILA — Baby's Breath.**

Plant has hair-like foliage and light airy flowers producing a beautiful effect in the garden or as a filler for bouquets. Thrives best in moist, moderately rich soil. May be dried for winter bouquets.

**Oldhamia:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
Flesh pink with rather large flowers produced in great profusion.

**Panaculata Double Snow:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Double flowered pure white. A most attractive form.

**MYOSOTIS — Forget-me-not.**

Small blue flowers shaped like stars, freely produced. The plant is about 10 in. high and of handsome form. Excellent for borders, combining well with Tulips, and spring blooming bulbs. Grows in ordinary soil but prefers a rich, moist, light and moderately fertilized soil.

**Oblongata Blue Bird:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
A variety much used by florists for cut flowers as the stems are long and the flowers large and brilliant. Do exceptionally well in the garden.

## HARROLD'S PEDIGREED STRAIN

*Giant Pansy Plants*

Pansies are a major specialty with us and have been for many years. For over 30 years we have been doing specialized breeding and improvement work in this field and we have introduced more new varieties since 1927 than any other individual specialist breeder. Our annual production of Pansy seeds is not far from being the largest of any specialist grower in the United States. Our work in this field has been mostly in the interest of and with the professional florist and nursery trade and because of this our stock is probably better and more favorably known by the professional. This is possibly its best recommendation to you for the professional is super-critical and must be sure of the finest quality to insure his profits.

We shall have but a limited quantity of Pansy plants available this season because of the shortage of help. For this reason as well as the fact that fall planting gives earlier and finer spring display we suggest early fall ordering. Pansies are perfectly hardy if given proper planting and care and we will supply a free cultural booklet with each shipment of this stock telling you how to prepare your beds, winter the plants in any climate and feed and care for them for best results next spring and summer. If you are interested in the finest Pansies you should have a copy of this booklet which we will gladly send you free on request. Ask for booklet PC-4.

## HARROLD'S PEDIGREED GIANT ART-SHADES:

This is our largest flowered variety and is of Exhibition type. Flowers five inches in diameter have been produced by this variety in our field cultures for seed. The color range is most varied, exceeding 500 colors and color combinations. Flowers are round in form with stiff texture and long stems making them ideal for the home garden. PRICE: \$1.00 per dozen.; 25 for \$1.75; 50 for \$3.00; 100 for \$5.00; 250 for \$10.00.

## HARROLD'S PEDIGREED SWISS GIANTS:

A Fancy type not quite so large as the above variety but having large dark blotched centers and most bizarre color blends and combinations. Flowers up to 4½ inches are often produced with best culture and the plant habit is the usual compact form with the flowers born on long stiff stems well above the foliage so characteristic of all Harrold's Pedigreed Strain Pansies.

PRICES: \$1.00 per dozen; 25 for \$1.75; 50 for \$3.00; 100 for \$5.00; 250 for \$10.00.

## HARROLD'S PEDIGREED CUT-FLOWER PANSIES:

We were the first breeder to introduce a Pansy bred especially for cut flowers and our success with this type has continued for many years. We offer here the original strain which is compact growing and hardy but produces flowers of large size on stems long enough to be suitable for bouquets - often a foot long with really good culture. Color blend is quite varied though not so widely as that of the two bedding varieties listed above. Price: \$1.50 per dozen; 25 for \$2.50; 50 for \$4.50; 100 for \$8.00.

**PANSY SEEDS**— There is still much time to plant Pansy seed for fine flowers next spring and summer. Plantings made in cold frames covered with glass during October or plantings made in flats in the house or greenhouse before the end of February will flower from May on throughout the summer. As soon as these indoor started plants have developed 4 to 6 leaves they may be shifted outside into cold frames in the colder climates or transplanted right out of doors where the ground does not freeze up. In such mild climates as California valleys and along the coast plantings may be made in the open until after Thanksgiving. For a full descriptive list of our many outstanding varieties ask for booklet PC-5 We will gladly send a copy free.

## PENTSTEMON — Beardtongue.

A bushy plant branching from the base and having bright, shiny leaves. The flowers, freely produced, are tubular, of large size and brilliantly colored. Plants about 2 to 3 ft. high. Blooms from April to September. Groups well with Clarkia, Godetia, Delphinium, Pyrethrum, Shasta Daisy or Verbena.

**Gentianoides Castle Forbes:** Three \$1.00; 6 for \$1.75; Doz. \$3.00  
Carmine with white throat. Very showy.

**Gentianoides White:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
Large flowers. Pure white.

**Sensation Mixed:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
A hybrid mixture of many colors. Very attractive.

## GIANT PRIMROSES

*Harrold's New Pedigreed Giants*

These have been a specialty with us for about ten years and we have done much breeding and improvement work with this group. This strain is from the finest Polyanthus-Veris crosses and has a wide range of colors with flowers under proper culture of very large size. Individual florets are often as large as a silver dollar in giant heads from 6 to 10 inches and more across. A cultural sheet supplied with each order gives full cultural data for best results.

**Specimen Plant Divisions:** Three \$1.20; 6 for \$2.25; Doz. \$4.00  
Mixed colors only as they come from the bed. These we can deliver this fall.

**Separate Colors - Regular:** Three \$1.50; 6 for \$2.50; Doz. \$4.75  
Your selection of yellow, buff, red, maroon, bronze and white.

**Novelty Separate Colors:** Three \$2.25; 6 for \$4.00; Doz. \$7.50  
Included in this group: blue, lavender and pastel shades.

Separate colors will only be shipped next spring and are subject to stocks available in each color classification.

**Bedding Grade: Mixed only.** Three \$0.75; 6 for \$1.40; Doz. \$2.50  
Colors bed run and available for shipment ONLY AFTER FEB. FIRST 1946. These are from seeds sown as soon as the 1945 crop of seed were available and are once transplanted. A few will bloom during the summer of 1946.

## HARDY PLANTS Continued

## POPPIES —

**Iceland: Imperial Jewels Mixed.** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
About 18 in. high with tufted plant of bright green. Stems are leafless and flower is medium large in beautiful colors. Group effectively by themselves or with almost any annual or perennial in a mixed border.

**Oriental Scarlet:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Tremendous cup-shaped flowers of brilliant scarlet, many with dark base. Clumps of these throughout the hardy border add an effect obtained from no other plant. Very striking.

## PYRETHRUM — Painted or Persian Daisy.

A very attractive daisy like flower in many bright colors. Plant has fern like foliage of bright green and is about 12 in. high with flowers on long slender stems well above the plant. Prefers a well enriched soil but will tolerate a great variety of soils. Must be well drained in winter. Full sun or moderate shade. Groups well with Sweet William, Iceland Poppy, Scabiosa, Stocks or in mixed borders and with Iris.

**James Kelway:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Rich, velvety blood red. Very showy.

**Robinson's Giant Hybrids:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
An English strain with extremely large single flowered plants which have a striking range of colors in mixture.

**Ruby Red:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
An extremely rich shade of single and semi-double flowers.

**Startler:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
Flowers 3 in. and more across of rose crimson with yellow center. Single.

**Single and Double Mixed:** Three \$0.80; 6 for \$1.50; Doz. \$2.50  
A grand blend of shades for bedding.

## SWEET WILLIAM — Dianthus Barbatus.

An early flowering perennial of outstanding attraction. Grows 6 to 20 in. high and should be planted in full sun or only partial shade. Useful as a border plant or in mixed borders. Groups well with Snapdragons, Stocks, Carnations, Petunias or Larkspur.

**Dwarf Alpine:** Three \$0.75; 6 for \$1.25; Doz. \$2.25  
Only 6 to 8 in. high in a fine blend of mixed colors. A fine rockery border or casual plant.

**Single Flowered:** Three \$0.50; 6 for \$0.90; Doz. \$1.75  
About 20 in. high with large flower heads freely produced. COLORS: Newport Pink - salmon pink; Scarlet Beauty - bright scarlet; Crimson Beauty - rich crimson; Mixed - colors of all shades produced by this plant. State which is wanted when ordering.

*Hardy Bulbs*

## TULIP BULBS

Tulips are possibly the most popular of the hardy bulbs. They give a wonderful display over a considerable period and may be grouped with almost any other early spring flower or bulb with good effect. Of moderate price for planting. It is easy to maintain or even increase the original stock. Colors are brilliant and no other flower quite fills the Tulips place in any garden.

We supply only domestically grown Tulips. We believe them to be superior in the results they will give the home gardener over the more costly imported bulbs. It has been adequately demonstrated since imports have been cut off by the war that domestic grown Tulips are equal to the European grown stock were it possible to obtain it fresh and not have to ship it so far. However, shipping of necessity is slow and storage during shipment is far from ideal so that fresh, northwest grown bulbs received direct from the grower have been less abused and afford better assurance of fine results.

We Offer the Following Separate Colors all at One Price.

**BRONZE QUEEN:** (Clio) A large golden bronze.  
**CLARA BUTT:** Very satisfactory salmon pink.  
**INGLESOMBE PINK:** An attractive shade of old rose.  
**INGLESOMBE YELLOW:** Possibly the most satisfactory garden yellow.  
**MD. KRELAGE:** Glowing deep rose pink.  
**MOONLIGHT:** Excellent medium yellow with oval flower.  
**QUIDA:** Very large firey scarlet with dark base.  
**WM. COPELAND:** Bright violet.

Your Selection - Not Less Than 6 of a Variety.

**TOP SIZE:** \$1.50 per doz.; 25 for \$2.50; 50 for \$4.75; 100 for \$8.50.

**FIRST SIZE:** \$1.25 per doz.; 25 for \$2.00; 50 for \$3.75; 100 for \$7.00

## MIXED COLOR TULIPS

Our Pedigreed Blend is made up of the finest varieties in a full range of colors. It will be very useful for the average home garden for the colors add that cheerfulness so desirable in early spring.

**TOP SIZE:** \$1.00 per doz.; 25 for \$2.00; 50 for \$3.75; 100 for \$7.00

**FIRST SIZE:** 25 for \$1.75; 50 for \$3.00; 100 for \$6.00.

## BULBOUS DUTCH IRIS

This is a group of bulbs that give a brilliant, early spring display and should find much wider use on its merits. Florists use these for cut flowers extensively because of their fine keeping quality. A bouquet will keep in water for ten days or two weeks after cutting. They are equally desirable in the garden where they group well with Tulips and some of the Narcissus or make a very fine display when bedded by themselves. If the bulbs are lifted in early summer and stored in a warm, dry place until fall then replanted, the stock may be maintained or even increased form year to year.

**IMPERATOR:** Uniform dark purple-lilac. Flowers early.

**YELLOW QUEEN:** One of the finest golden yellows and very showy.

**LARGE BLOOMING SIZE BULBS:** 25 for \$1.65; 100 for \$6.00

# Tuberous Begonias

Delivery in Late January or Early February

For Planting in Proper Season

These are one of the most showy and beautiful pot and bedding plants of the flower world today. They are easily grown and may be planted successfully in almost any part of the U. S. by following our cultural sheet that accompanies each shipment. We suggest that you enter your order at once to avoid disappointment this next season as there are never enough of these to supply the demand. Our stock will be four times that of any former season because of our effort to avoid disappointing as many folks as we have had in the past. However, the industry does not grow enough of these to meet the always increasing demand from the gardeners who become more insistent for them from year to year.

We supply only the young and vigorous tubers that are best suited for specimen results. When these are planted indoors in February or March they may be set outdoors as soon as danger of frost is past and they will bloom continuously from early summer until fall. The handsome foliage is attractive and the flowers are always most striking; some varieties have great numbers of flowers the size of a silver dollar while the Giant Camellia Double sometimes produce flowers as large as dinner plates. We have actually seen these exceed 9 inches across.

If tubers are cured off in early fall they may be stored until planting time again the following year and thus grown from year to year. In some instances growers have grown the same tuber for 15 to 20 years. Tubers do not multiply naturally and propagation is by seeds which are a bit difficult to start.

**BE SURE OF YOURS THIS YEAR! ORDER AT ONCE!!**

**Giant Camellia Double:** Three \$1.00; 6 for \$1.50; Doz. \$2.50

These are the largest flowered and the most popular. Flowers look like giant ruffled Camellias and come in the most luminous colors found in the flower world. **COLORS**— Apricot, orange, pink, red, rose, salmon, scarlet, yellow, white and mixed, your selection.

**Giant Carnation Flowered:** Three \$1.00; 6 for \$1.50; Doz. \$2.50

Double frilled and looks like a giant Carnation. Very striking colors of a brilliance found in no other flowering plant. **COLORS**— Apricot, orange, pink, red, rose, salmon, scarlet, yellow, white and mixed, your selection.

**Giant Hanging Basket:** Three \$1.00; 6 for \$1.75; Doz. \$2.75

Double flowered plants especially adapted for planting in shaded window boxes, hanging baskets or for the rockery. A few of these planted in the rockery will supply ample color all summer. While the flowers are not as large as those of the varieties listed above they are profusely produced on plants having a pendent or weeping habit. **COLORS**— Mixed only.

## NOVELTIES

**ROSEBUD DOUBLE:** Three \$1.50; 6 for \$2.75; Doz. \$5.00

A medium size flower that resembles a rosebud. These are a striking novelty. **COLORS**— Mixed only in a wide range of shades.

**Cristata or Crested:** Three \$1.50; 6 for \$2.75; Doz. \$5.00

A single frilled type having a tuft on the center of each petal. This gives a novel effect you'll like. **COLORS**— Mixed only.

**Picotee Double:** Three \$1.25; 6 for \$2.00; Doz. \$3.50

Flower is of Camellia type and double but the edges of the petals are darker than the rest of the flower. **COLORS**— Pastel shades mixed.

**MARMORATA:** Three \$1.50; 6 for \$2.75; Doz. \$5.00

Camellia flowered double, mottled in rose and white. While the flowers are of medium size they are produced in great profusion.

**Marginata FASCINATION:** Three \$1.50; 6 for \$2.75; Doz. \$5.00

The edge of the flower petals are frilled and ruffled; the flower single. The flower has picotee edges giving a very novel and striking effect. **COLORS**— Mixture only, usually white edged pink; red edged copper or copper edged red.

**SUNSET:** Each \$0.75; 3 for \$2.00; 6 for \$3.50

**NEW**— A large double of the most exquisite orange and gold shading.

**AUTUMN GLOW:** Each \$0.75; 3 for \$2.00; 6 for \$3.50

A very large Cristata or Crested type. The tufts or crests are deep copper contrasting with the rest of the flower which is apricot. Very outstanding.

**STARS and STRIPES:** Each \$0.75; 3 for \$2.00; 6 for \$3.50

An unusual novelty. Flowers are of Double Camellia type and dark red speckled and striped with white. Flowers are not extra large but the plant is unusually vigorous and a single bulb often produces over a hundred flowers.

Tuberous Begonias are the answer to what to grow in the shade. They are shade loving and will have no equal in the color they produce in such situations. If you have grown them you'll want to add some of the above varieties to your collection; especially in the novelties we offer. Don't be disappointed this year — **ORDER THESE RIGHT NOW! TODAY!!** We'll ship them to you when its time to plant.

## Our Gardens Are As Near As Your Mail Box

Send for anything listed in the folder by mail and subject to the conditions set forth on the front page we will deliver it right back to you by mail. We've been doing this kind of shipping for more than 40 years and are thoroughly experienced in packing for shipment to any part of the U. S. All plants offered here can be successfully shipped anywhere between October and April.

# "King" Nectarberry

**It's New! — It's Outstanding! — It's Different!**

Larger than Youngberry or Boysenberry and will equal or better the production of either. Established plantings have produced 7 ton to the acre. The flavor is delightfully pleasing, seeds are small, there is no noticeable core, and the plants are exceptionally hardy. **NO ACID.**

**Tops Fresh — For Pies — For Juice**

**For Freezing**

**For Canning — For Preserves**

**CULTURAL SHEET FREE WITH EACH ORDER**

A dozen plants will supply a family of three and your garden is not complete without this berry. **ORDER YOURS TODAY.**

Plant From October 15th. to June 1st.

**EXTRA HEAVY SELECTED PLANTS**
